# CHAPTER 1

## What is the Teacher Capsule Wardrobe?

Do you have a closet full of clothes, but you often think “I have nothing to wear”? I used to think the same way! I would get up in the morning, stare at the clothes hanging in my closet and wonder what I would wear for the day. I had a closet full of clothes, but nothing seemed to match. I discovered the concept of a capsule wardrobe and it has literally changed my life for the better: I spend less since I re-use my basic essentials every season, get dressed quickly everyday and love what I wear!

If you are a teacher, you want to look stylish but also need to be comfortable. You need clothes that are easy to move around in (especially if you’re an elementary school teachers working with children), layers that are easily removable for fluctuating temperatures, pants and jeans that add color and functionality to your wardrobe and comfortable shoes you can stand in while you teach! You also want to wear jewelry that won’t get in the way of teaching and especially if you have to wear a lanyard that holds your badge/keys.

This eBook will show you how to create a capsule wardrobe for one season, based on a set number of clothes and shoes. You may be thinking “where did the term capsule wardrobe originate?” A “Capsule Wardrobe” is a term coined by Susie Faux, the owner of a London boutique called "Wardrobe" in the 1970s. According to Faux, a capsule wardrobe is a collection of a few essential items of clothing that don't go out of fashion, such as tops, bottom and layers, which can then be worn with seasonal pieces.

You can also follow the step-by-step visual guide on my blog as you create your capsule wardrobe from this eBook: How To Start a Capsule Wardrobe: A Visual Guide. This is how I create a capsule wardrobe every season!

This E-Book uses several core closet essentials from the Simplified Style®: A Year-Round Core Closet Essentials Capsule Wardrobe E-Book. You can use Simplified Style® on its own as a capsule wardrobe OR add your own pieces to customize and expand your capsule. Over 450 outfit ideas are included, as well as outfit calendars for all seasons, all four season wardrobe plans, plus more!

All the available capsule wardrobe eBooks are in the Classy Yet Trendy Capsule Wardrobe eBook Store. Also, check out the Capsule Wardrobe Resources for helpful capsule wardrobe guides!

## CHAPTER 2

# How The Capsule Wardrobe Works

The items in your capsule wardrobe should be chosen according to the season, and only be worn for that particular season, before transitioning to a new capsule. It should include tops, bottoms, dresses, outerwear (if the season's weather permits) and shoes. This capsule wardrobe concept consists of the clothes you would wear everyday, based on a casual lifestyle.  A capsule wardrobe should not include formal wear or workout clothes, as these are worn outside of your normal day-to-day wear.

To keep a capsule wardrobe in your closet, you need a "core closet".  A core closet consists of a few basic essentials that you will need as a foundation for your capsule wardrobe. If you have a core closet, you can create a capsule wardrobe easily.  This capsule wardrobe includes a few core closet items that can be worn from season to season.  Find out more about How To Create A Core Closet on the blog.

# Remember these important points when creating your capsule wardrobe:

## Mixable Items

The advantage of having a capsule wardrobe is that all your items are able to mix with one another to create many outfits.

## Quality Over Quantity

Instead of buying several of the same item or buying an item just because it's a cheap price, focus on buying one piece that is made well and will last for years. For example, rather than buying a cheap black blazer that's not made well, invest a little more money well-made blazer with quality fabric that will last for many seasons.

## Versatility

Choose clothes and shoes that will mix and match well with one another. To make your capsule wardrobe work efficiently, a piece of clothing must be worn in at least 3 outfits.

## Neutral palette

The **key to a functional capsule wardrobe** is having the majority of your clothes in a neutral palette, like black or navy, white/ivory or gray. This capsule wardrobe focuses on just a few accent colors, which coordinate with all the clothes in the capsule. You can add a few pieces in one or two accent colors, but focus more on solid colors and have only a few items with a patterned fabric, to get the most outfit combinations.

## Substituting The Base Color

When creating your capsule wardrobe, start with deciding on a **base color of either black or navy**. Black and navy are the two most commonly seen colors in capsule wardrobes. Black is an all-around great base color to use because it goes with so many other colors. If you would rather not use black, then navy goes well with several other colors as well. **If you don't like navy or black**, you can use a shade of brown, like brown, tan or camel, as your base instead.

To substitute the base color, just replace the base color pieces with your preferred color. For example, **this capsule wardrobe uses NAVY** as the base color. If you would rather use BLACK as the base color, then you can swap out the SOLID NAVY COLOR pieces used in this capsule with SOLID BLACK COLOR pieces. Then, follow the outfit ideas using BLACK pieces instead of the NAVY items shown in the collages.

# CHAPTER 3

If you would like to substitute any of the colors in this capsule for another color, use the following color chart to help you pick a color! You can also add clothes with additional colors to customize this capsule wardrobe. You can use ShopStyle.com to help find alternate items for your capsule.

# CHAPTER 4

# Create Your Capsule Wardrobe

## STEP 1: Clean Out Your Closet

This is the hardest part...cleaning out your closet! But, you're on your way to an efficient wardrobe! Take everything out of your closet so that your closet is empty. If you have any of the items on the wardrobe checklist, go ahead and hang them in your closet. If there are a few items that you absolute love and can mix well with the capsule wardrobe, then add those to your closet! If they don't match, looks worn or doesn't fit right anymore, you can either sell them or donate to charity.

*Start with an empty closet like this:*

## STEP 2: Shop For Missing Items

Here's where you can go shopping for the rest of the items you don't have on the list. If you like shopping online, you can click on each item in this e-Book and be taken directly to the retailers' pages to purchase the items. Or, you can print out the list and take it with you shopping.

Here's a tip: if you are on a budget, check out your local thrift stores. I have found several of my essential name brand items for less than $5 each at a few local thrift stores. I made sure the items still looked fresh and that they were well-made.

## STEP 3: Organize Your Closet By Clothes Type

When planning your outfits, you can create them quickly by hanging all your outerwear together, then tops, shirts, pants, skirts and dresses.  You can hang your capsule wardrobe in your closet or keep it on a clothes rack.

*You can easily hang your capsule wardrobe in your closet...*

## STEP 4: Create Your Outfits!

You can use the handy outfit guide in this eBook to choose which outfits to wear each day.  You can also print the outfits guide and place it by your closet for easy access!

*NOTE: At the End of a Season*

At the end of a season, you should get your capsule wardrobe ready for the next season. Take everything out of your closet and put back the pieces you will wear in the new season. Store away the old season's pieces in a storage container. If you have any pieces stored for the new season, put them in your closet. Here's where you look over your clothes and shoes to be worn in the new season. If any pieces look worn, faded or have lost their shape, toss them and buy replacements. Here's where you save money on clothes and shoes: if you toss out a piece, only buy a replacement. Resist the urge to go shopping and buy something because it looks pretty or is a popular trend. Remember, buy it if it mixes and matches well with other pieces in your capsule wardrobe.

## Clothes Substitution Tips

This palette uses the accent colors **chambray, papaya and eucalyptus**.  If there is another color you would like to substitute, you can substitute any of the items in this capsule with another one that you prefer.  For example, if you want to substitute the clothes that are **papaya** with another color, omit the **papaya** color clothes, then go to ShopStyle.com and search for your replacements or use ones you may already have in your closet.

**See the color chart in Chapter 3 to choose another accent color or you can use your own color of choice.**

## Adding Jeans To This Capsule Wardrobe

Some schools allows teachers to wear jeans and other schools only on certain days.  If your school allows jeans in their dress code, you might consider adding a pair of dark wash trouser-style jeans to this capsule wardrobe to give you an extra piece for even more outfits!  To add a pair of jeans to this capsule and create more outfits, just pick any of the outfits in the outfits guide and substitute the bottom shown with a pair of jeans.

# CHAPTER 5

Or, **if you already have any of these similar items in your closet**, I encourage you to use those in your capsule wardrobe.
