CHAPTER 1

What is the Workwear Capsule Wardrobe?

Do you have a job where you have to dress up everyday? Does it seem like you wear the same outfits over and over? Do you feel that you look the same everyday? Do you have a job where you have to dress up on average 5 days a week?

A capsule wardrobe will transform your closet, giving you many different outfits, all from the clothes and shoes featured in this eBook!

You may have seen articles about capsule wardrobes on the internet and even seen the seasonal capsule wardrobe eBooks on ClassyYetTrendy.com. These capsule wardrobes contain casual and dressy outfits. Have you seen the blog post, "How To Start a Capsule Wardrobe: A 5-Step Visual Guide" on Classy Yet Trendy? This eBook builds on the capsule wardrobe concept and will begin by showing you how to create a workwear capsule wardrobe for the current season based on a set amount of clothes and shoes, suitable for a business environment. You may be thinking "where did the term capsule wardrobe originate?" A "Capsule Wardrobe" is a term coined by Susie Faux, the owner of a London boutique called "Wardrobe" in the 1970s. According to Faux, a capsule wardrobe is a collection of a few essential items of clothing that don't go out of fashion, such as shirts, pants, and skirts, which can then be worn with seasonal pieces.

In using this capsule wardrobe guide, you will discover a style that looks polished and well-matched.

2. Have confidence

When you look great and feel good about the way you look, you have confidence. Confidence helps you feel like you can accomplish anything!

3. Clutter-free closet

When you have a capsule wardrobe, your closet will be neat and organized by keeping the amount of clothes you have at a minimum.

4. Get Dressed in Less Time

Because this guide already has the outfits created for you, you will be able get dressed in half the time it would normally take you to create the outfits from scratch.

4. Less shopping = more money in your pocket

By only replacing essential items when they are worn or don't fit anymore, you buy only what you need; therefore, saving you money! No need to go on shopping sprees anymore or spending hundreds each trip.

CHAPTER 2

How The Capsule Wardrobe Works

The items in your workwear capsule wardrobe should be chosen according to the season, and only worn for that particular season (about 3 months), before transitioning to a new capsule. It should include tops, bottoms, dresses, outerwear (if the season's weather permits) and shoes. This capsule wardrobe consists of the clothes you wear everyday in a business environment. It should not include formal wear or non-workwear clothes. It also should not include accessories. You might say not include accessories? Accessories are not the core of your wardrobe, only clothes and shoes. When you add different accessories, like handbags, scarves and jewelry, it changes the looks of your outfits and finishes them, so you have even more looks! The accessories that are included in all the outfit ideas below are suggested accessories to complete the outfits. You may use your own.

Remember these important points when creating your capsule wardrobe:

Mixable Items

The advantage of having a capsule wardrobe is that all your items are able to mix with one another to create many outfits.

Quality Over Quantity

Instead of buying several of the same item or buying an item just because it's a cheap price, focus on buying one piece that is made well and will last for years. For example, rather than buying a cheap black blazer that's not made well, invest a little more money well-made blazer; it will last you for years.

Versatility

Choose clothes and shoes that will mix and match well with one another. To make your capsule wardrobe work efficiently, a piece of clothing must be worn in at least 3 outfits.

Neutral palette

The **key to a functional capsule wardrobe** is having the majority of your clothes in a neutral palette, like black or navy, white/ivory or gray. If you want to add accent colors, use clothes with mostly solid colors and have only a few items with a patterned fabric, to get the most outfit combinations.

Base Color

When creating your capsule wardrobe, start with deciding on a **base color of either BLACK or NAVY BLUE**. Black and navy blue are the two most commonly seen colors in capsule wardrobes. Black is an all-around great base color to use because it goes with so many other colors. If you would rather not use black, then navy blue goes well with several other colors as well. **If you don't like navy or black**, you can use a shade of brown, like brown, tan or camel, as your base instead.

To substitute the base color, just replace the base color pieces with your preferred color. For example, **this capsule wardrobe uses BLACK** as the base color. If you would rather use NAVY as the base color, then you can swap out any BLACK pieces used in this capsule with NAVY pieces.

If you are limited on space, you can use a clothing rack to hold your capsule wardrobe!

CHAPTER 3

If you would like to substitute any of the colors in this capsule for another color, use the following color chart to help you pick a color! You can also add clothes with additional colors to customize this capsule wardrobe. You can use ShopStyle.com to help find alternate items for your capsule.

CHAPTER 4

Create Your Capsule Wardrobe

STEP 1: Clean Out Your Closet

This is the hardest part...cleaning out your closet! But, you're on your way to an efficient wardrobe! Take everything out of your closet so that your closet is empty. If you have any of the items on the wardrobe checklist, go ahead and hang them in your closet. If there are a few items that you absolute love and can mix well with the capsule wardrobe, then add those to your closet! If they don't match, looks worn or doesn't fit right anymore, you can either sell them or donate to charity.

Start with an empty closet like this:

STEP 2: Shop For Missing Items

Here's where you can go shopping for the rest of the items you don't have on the list. If you like shopping online, you can click on each item in this e-Book and be taken directly to the retailers' pages to purchase the items. Or, you can print out the list and take it with you shopping.

Here's a tip: if you are on a budget, check out your local thrift stores. I have found several essential name brand items for less than $5 each at a few thrift stores. When buying clothes from thrift stores, make sure the items are in great condition and that they are well-made.

STEP 3: Organize Your Closet By Clothes Type

When planning your outfits, you can create them quickly by hanging the tops, shirts, pants, skirts and dresses separately. You can hang your capsule wardrobe in your closet or keep it on a clothes rack.

A neat and tidy closet with a capsule wardrobe!

STEP 4: Create Your Outfits!

You can use the handy outfit guide to choose which outfits to wear each day. You can print those pages and place them by your closet for easy access!

NOTE: At the End of a Season

At the end of a season, you should get your capsule wardrobe ready for the next season. Take everything out of your closet and put back the pieces you will wear in the new season. Store away the old season's pieces in a storage container. If you have any pieces stored for the new season, put them in your closet. Here's where you look over your clothes and shoes to be worn in the new season. If any pieces look worn, faded or have lost their shape, toss them and buy replacements. Here's where you save money on clothes and shoes: if you toss out a piece, only buy a replacement. Resist the urge to go shopping and buy something because it looks pretty or is a popular trend. Remember, buy it if it mixes and matches well with other pieces in your workwear capsule wardrobe.

Adding Color To This Capsule Wardrobe

This palette uses **jade** and **crimson** as accent colors. If there is another color you would like to substitute, you can substitute any of the items in this capsule with another one that you prefer. For example, if you want to substitute the items that are **crimson** with another color, omit the **crimson** color clothes, then go to ShopStyle.com and search for your replacements or use ones you may already have in your closet.

See the color chart in Chapter 3 to choose another accent color or you can use your own color of choice.

CHAPTER 5

The Clothes & Shoes of the Capsule Wardrobe

You can buy the following pieces by using the convenient shopping links below each item. Or, **if you already have any of these similar items in your closet**, I encourage you to use those in your capsule wardrobe. Some of the products in the links provided vary from the items pictured. Not all shopping links are exactly like the items pictured due to providing different price points from "budget-friendly" to "splurge". **Note:** Check the shopping links in the other size categories (regular, plus and petite) as there may be other styles available in your size in those shopping links (depending on the retailer).
